

Eufloora Advace

TO BALANCE THE INTESTINAL FLORA AND SUPPORT THE IMMUNE SYSTEM

is a food supplement of genotyped Probiotics, developed in the project PROBIOPLUS 4 FOOD, B Vitamins and Inulin as prebiotic. Probiotics and Prebiotics are useful for supporting the intestinal flora balance. B Vitamins contribute to normal energy-yielding metabolism. Furthermore, Folic acid and Vitamin B6 help the normal immune function.

Functional ingredients:

Probiotics, B Vitamins, Inulin.

How to use:

1 capsule a day with water, preferably on an empty stomach or 15 min before eating.

Pack:

24 capsules
