

Cholkur advance new

CHOLESTEROL + CARDIOVASCULAR SYSTEM + HOMOCYSTEINE

is a food supplement based on monacolin from fermented red rice, Berberine, Maple and Folic acid. Maple promotes normal cholesterol metabolism and the regular function of the cardiovascular system. Folate contributes to normal homocysteine metabolism.

Functional ingredients:

Berberine, Red rice seed fermented with Monascus purpureus tit. 5% in monacoline, Maple bud, Coenzyme Q10, Folic acid.

How to use:

take 1 tablet per day, to be swallowed with water.

Pack:

30 tablets
