

# Osteokur

## TO MAINTAIN HEALTHY BONES

is a food supplement of Calcium, Vitamin D3 and Glucosamine, with Baobab and Horsetail vegetal extracts. Glucosamine is a precursor of joint cartilage; Calcium, together with Vitamin D3, is necessary to maintain healthy bones. The formulation is completed by Horsetail, useful for connective trophism, and Baobab, useful to support joint functions.

### Functional ingredients:

Calcium, Vitamin D3, Glucosamine, Horse Tail, Baobab.

### How to use:

2 tablets a day, after the main meals.

### Pack:

60 tablets
